Transurban FY24 results and FY25 distribution guidance¹

FY24 highlights

- FY24 distribution of 62.0 cents per stapled security (cps), representing 7% growth and in line with guidance provided at FY23 results. FY24 distribution is 102% covered by Free Cash (excluding Capital Releases) of 63.2 cps²
- FY25 distribution is expected to be 65.0 cps. Distribution guidance is subject to traffic performance and macroeconomic factors. Any distribution will ultimately be determined by the Transurban Board
- Average Daily Traffic (ADT) up 1.7%, supported by growth in all regions and the opening of new assets
- Proportional EBITDA³ of \$2,631 million, up 7.5%, was supported by proportional toll revenue increase of 6.7% to \$3,535 million and EBITDA margin improvement from 72.4% in FY23 to 73.1% in FY24
- Management of operational costs kept cost growth below inflation at 3.6%⁴
- Strong balance sheet with ~\$4.2 billion in corporate liquidity. 88.2% of the debt book is hedged⁵, with weighted average cost of AUD debt continuing to be managed well at 4.5%
- Continued delivery on existing development projects and opportunity pipeline, including West Gate Tunnel Project which is on track to be completed by the end of 2025, and the Logan West Upgrade project, which has progressed to Binding Upgrade Proposal stage
- Ongoing focus on strengthening stakeholder relationships, including through engagement on NSW Toll Reform and demonstrating value for customers

Commentary on operational performance and outlook

Chief Executive Officer, Michelle Jablko, said the FY24 results highlighted continued traffic growth across Transurban's markets and a continued focus on delivering value for stakeholders across government, customer, community and investors.

"We are committed to working with the NSW Government on potential toll reform, to explore solutions to improve customer outcomes while protecting the \$36 billion investment made by Transurban and its partners in Sydney over the past two decades. We continue to work closely with our government partners across our markets to deliver existing development projects, including successfully opening the West Gate Tunnel Project in Victoria, expected by the end of 2025."

"We are focused on growing value for customers through our rewards program and currently have more than one million Linkt Rewards members, which is up five times over the past year."

Ms Jablko noted the business has continued to deliver on existing projects and progress new growth opportunities, including the proposed Logan West Upgrade project.

"Last month, we were pleased to announce our partnership with the Queensland Government to develop plans for widening the western section of the Logan Motorway. The Logan Motorway supports the movement of freight worth more than \$350 billion each year⁷ and is a key transport corridor across South-East Queensland. Through this project, Transurban will work closely with the Queensland Government to explore opportunities to provide congestion relief, reduce travel time and improve road safety."

Ms Jablko highlighted the strength of the balance sheet to support the opportunity pipeline.

"Our weighted average cost of debt continues to be well managed and corporate liquidity of \$4.2 billion supports near-term commitments and provides capacity for existing and new growth opportunities."

With regards to the Group's outlook, Ms Jablko said that Transurban is well-positioned for distribution growth and we are working hard to deliver ongoing value and distribution growth.

"In FY25, we expect to pay a distribution of 65.0 cps⁸, representing a ~5% increase on FY24."

Project updates

- The West Gate Tunnel Project continues to progress with approximately 80% of the entire project completed. Motorists on the West Gate Freeway now have access to two new outbound lanes and one new inbound lane
- Construction activities are underway on the \$1.7 billion project to widen the M7 and connect with the new M12 Motorway. Construction of the Elizabeth Drive Connection, M7-M12 Interchange and M7 widening commenced during FY24 with earthworks underway and progress made on existing and new bridges. Works are scheduled for completion in 2026
- Partnering with the Queensland Government to develop plans for widening the western section of the Logan Motorway, with the project now in Binding Upgrade Proposal stage. Transurban and the Queensland Government will work through this stage to agree the final scope and funding model for the project
- Fredericksburg Extension construction was completed during FY24, with the main roadway opened to the public on 18 August 2023 and additional access points opened in early December 2023. The extended 95 Express Lanes is the longest reversible road in the USA with the Fredericksburg Extension having seen 3.8 million trips since its opening (2.9 million tolled trips)
- The 495 Northern Extension (Project NEXT) continues to progress with approximately 50% of the project completed. Opening is expected in December 2025
- Continuing to explore adding 10 miles of bi-directional travel on the 95 Express Lanes with the Virginia Department of Transportation, with design planning currently underway
- Rozelle Interchange opened to traffic on 26 November 2023, completing the 33-kilometre WestConnex project. Rozelle Interchange was delivered by Transport for NSW and forms part of the WestConnex concession managed by Transurban

Distribution and DRP

A distribution totalling 32.0 cps will be paid on 13 August 2024 for the six months ended 30 June 2024 and does not include a Capital Release. This will be made up of a 32.0 cps distribution from Transurban Holding Trust and its controlled entities. This takes the total FY24 distribution to 62.0 cps.

The total FY24 distribution includes ~3.1 cps of WestConnex cash previously held during construction. FY24 distribution is 102% covered by Free Cash (excluding Capital Releases).

The Distribution Reinvestment Plan (DRP) will operate for this distribution payment. For further information on distributions and the DRP, visit the Investor Centre at transurban.com/investor-centre.

FY25 distribution guidance

FY25 distribution is expected to be 65.0 cps, representing approximately 5% growth on FY24, with expected Free Cash (excluding Capital Releases) coverage of 95-105%.

Distribution guidance is subject to traffic performance and macroeconomic factors. Any distribution will ultimately be determined by the Transurban Board.

Market briefing

Transurban will provide a market briefing with the CEO and CFO at 9:30 am (AEST) today, 8 August 2024. The market briefing will be webcast via the Transurban website at transurban.com.
