## ConnectEast litigation

A confidential Supreme Court of Victoria judgement has been received in relation to litigation commenced by ConnectEast (owner of EastLink) against Transurban in relation to fees payable by ConnectEast under a tolling services arrangement with Transurban. This issue is specific to CityLink under the Melbourne CityLink Act 1995.

The judgement, which is subject to a Court ordered confidentiality regime imposed on the parties, requires compensation payable by Transurban to ConnectEast for a period of four sample years (2015, 2017, 2019 and 2020). The proceeding was commenced in 2020 and the Statement of Claim referred to a fee in the order of \$10 million per year for each year since 2009.

This is a commercial matter between Transurban and ConnectEast and does not impact any payments to or from customers.

Transurban is considering all legal avenues including an appeal.

The Transurban Board will consider what provision is appropriate in its 1H25 statutory results. The outcome of this matter and any potential provision will not impact distributions and Transurban reaffirms FY25 distribution guidance<sup>1</sup> of 65 cents per security.
